

OSA-0154-63

8 January 1963

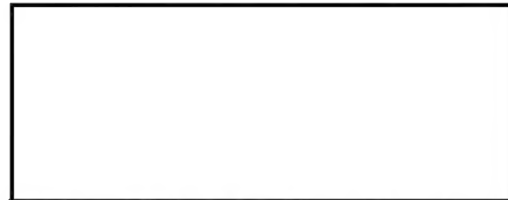

MEMORANDUM FOR: OSA Signal Center

SUBJECT : Cable Releasing Authority

1. Effective immediately all senior OSA personnel (GS-11 and above) are granted cable releasing authority in those instances where an individual, having responded to an "after-hours-call-in" by the Signal Center, desires to send an immediate reply and there is no individual present who normally has releasing authority.

2. The above does not remove current releasing restrictions as they now apply to certain operational and intelligence messages.
